

TOTAL SOLUTION FOR MEDICAL ENGINEERING

**WOODMANS**  
GROUP

## ABOUT US

Ever since its inception in 1991, Woodmans has been transforming hospital spaces. Woodmans specializes in designing, planning and execution of turnkey hospital projects. Woodmans is an ISO 9001, 14001, 18001, 13485 accredited company and it is also accredited by the Dubai Health Authority and Ministry of Health, Health Authority Abu Dhabi.

## HISTORY

Woodmans had its humble beginning in the UAE, with limited number of specializations. The core values and ideologies of the company triggered its growth over the decades. The company extended its range of operations to different geographical locations and multiple specializations over the period of time.

Woodmans group has its offices in the UAE, KSA, India, Ghana and we have recently expanded our business to the UK. We also formed strategic alliances and MOU's with different companies in the field.

## VISION

To exceed expectations of our clientele by offering outstanding services & greater value.

## MISSION

To provide our clients with high quality services at competitive rates.

To strengthen our position across MENA region and venture into new overseas market.

To be preferred and leading healthcare solution provider.

## SERVICES

OPERATION THEATRE |  
SURGEON CONTROL PANEL / IPS |

# OPERATION THEATRE

Woodmans provides the most comprehensive Modular Operation Theatre & Direct to wall concept. To meet the requirements of each client, we offer theatres in different specifications, ensuring the best surgical environment. Operation theatres installed by Woodmans maintains a perfect sterilised environment for any surgery with zero contamination.

## MODULAR OT

- Wall Paneling
- Ceiling
- Laminar Flow System
- Surgeon Control Panel
- PACS Viewer
- Pressure Relief Dampers
- Surgical Lights
- X-Ray Viewer
- Hatch / Pass Box
- Scrub Sinks
- Flooring
- Hermetically Sealed Doors
- Cabinets

## HERMETICALLY SEALED DOORS

Woodmans has a wide range of customized hermetically sealed doors specifically designed for use in areas where hygiene and the control of air leakage is critical.

The door has a unique system which enables it to seal perfectly, helping to reduce air handling costs, cross contamination and wound infections. Doors are clad with HPL, Stainless Steel, Altro, & Glass which are easy to clean and require only minimal maintenance.

Options include models with X-ray protection.

## HERMETICALLY SEALED DOORS

# MEDICAL / INDUSTRIAL / LABORATORY INFRASTRUCTURE

## MEDICAL GAS SYSTEM

- Degreased Copper Pipes & Fittings
- Lockable Line Valves
- Area Valve Service Units
- Area Alarms
- Medical Gas Outlets
- Master Alarms
- Automatic Manifolds
- Emergency Manifold System
- Medical / surgical Air Systems
- Vacuum Systems
- AGSS Systems
- Oxygen Generators
- Oxygen VIE Tank

## INDUSTRIAL GAS SYSTEM

- Industrial Manifolds
- Industrial Compressors (oil & oil free)
- Vacuum Pumps
- Industrial Regulators
- Valves and Accessories
- Piping and Furniture

## LABORATORY SYSTEM

- Lab Furniture
- Lab Gas Systems
- Piping, Valves and accessories
- Detection Systems
- Manifolds and Regulators
- Fume Extraction Systems

## STEEL

### SERVICE

- Design & engineering.
  - Project mangement.
  - Supply, fabrication & installation
- For following products but not limited.

Woodmans offers a wide array of steel products, as required by the hospital systems and premises. The products meets international standards, ensuring the quality of the solutions provided.

### ALUMINIUM & GLAZING SYSTEMS:

- Doors and windows.
- Curtain wall system.
- Partition wall.
- Skylights.
- Automatic doors system.
- Frameless glass doors.
- Glass domes.
- Structural double glazing.
- Stain glass work.
- Railing and balustrade.
- Architectural facades.
- Helium exhaust aluminium piping works.

### STEEL WORKS:

- Steel structure for factories sheds, warehouse , mezzanine floor, building and canopy structure.
- Primary and secondary structure, platforms, walkways, staircase, handrails & ladders.
- Steel structures for installation of medical equipments.
- Street lighting poles
- Storm drain grates
- Antibacterial / Microbial ducting for Air Condition

### STAINLESS STEEL WORKS:

- Helium exhaust SS piping works.
- Architectural finishing.
- Doors and door frames.
- Handrails.
- Miscellaneous SS works..

### METAL CLADDINGWORKS: (FOR WALL, COLUMNS AND CANOPIES)

- Aluminium composite panel(ACP) cladding
- SS sheet cladding.
- Powder coated aluminium sheet cladding.
